

Dear members

We finally worked out the long planned event - **CCARS radio clinic**.

This activity will be take place at Milliken Mills Community Center, (7600 Kennedy Road, Markham) on 22nd April 2001 (13:00 to 16:00).

You can bring your beloved radio along and have its performance evaluated by a certified measuring tester (at a cost of \$5.00 per radio).

All members are welcomed in this gathering (even if you don't have anything to be checked). Lunch will be included.

In order to achieve better organization on this issue, please contact Eddie Wu (VA3KMT) before 14th April 2001 and make your reservation. (Phone 416-7262993 or VHF 146.745MHz)
More detail will be provided.

Looking forward to hear from you soon.

Preparation for those who need to have their radio transceivers checked:

To ease up the check out operation, please do the following:

- Remove the radio from its mount, make sure it can be powered on safely with temporary clip or cigarette lighter.
- If antenna connector is not SO239 or female N or BNC, bring along your own converting cable or adapter.
- For portable transceivers, ensure the battery is fully charged.
- Be ready to assist tester on changing configuration of your radio during various stages of the test.

致各位會友：

期待已久的通訊機檢查日終於可以推出了，會方訂於本年四月二十二日 下午一時至四時，假座美麗徑康樂中心 (7600 Kennedy Road, Markham) 進行該項活動。會方工作人員可代你測試通訊機及檢定其工作性能，當日會有免費午餐供應，假如你沒有無線電機需要進行檢定，同樣歡迎你參加這個聯誼活動。

(為補貼會方運作經費，每台機的測試收費五元正)。

由於會方需要知道人數以作準備，敬請聯絡：

Eddie Wu (VA3KMT)

電話：416-7262993 或 VHF 146.745MHz

預約留座。

假如閣下有通訊機需要接受測試，敬請注意下列事項：

- 請先完成待測通訊機的拆除工作及自備合適的電源引入線。
- 假如待測通訊機的高頻座並非 SO239 或 BNC，請自備合適的轉換器。
- 手提機電池請先充電至全滿。
- 在測試過程中請協助測試工作人員調整通訊機的設定。
