

## CCARC Sunday night Net Preamble

It is now 9pm, and this is the Cross County Amateur Radio Club's Sunday Night Net. This net is held on a weekly basis on Sunday Nights at 9:00pm on the club repeater of 147.375 MHz with a tone of 107.2. This is an open net, anyone with a Technician class license or higher is welcome to participate.

While it is not necessary to be a member of the Cross County Amateur Radio Club, or any of its affiliate organizations to participate in tonight's net. All stations interested are invited to join the Cross County Amateur Radio Club. For more information please contact Net Control after the completion of tonight's net.

The purpose of this net is to foster friendship, build a stronger amateur radio community, and to provide training in the field of radio communications for the purpose of providing emergency services when the need arises.

This is a directed net, all transmits will be directed to Net Control unless authorized by Net Control. Net Control for this evening is {Your Callsign}.

If at any time during this net, you find that you have emergency or priority traffic, please contact Net Control. At that time Net Control will provide further information on the handling and dispersal of the Emergency Traffic. Do we have any emergency or priority traffic at this time? Please call {Your Callsign}.

*Direct the traffic if there is any*

Do we have any mobile or short time stations wishing to check in at this time? Again Please call {Your Callsign}.

*Recognize and repeat their callsign and take their comments*

We will now take regular checkins. Please call {Your Callsign} Net Control for this the Cross County Amateur Radio Club's Sunday night Net.

*Recognize and repeat their callsign and take their comments.*

*When you reach the end of the list ask for any late checkins.*

This is {Your Callsign} net control for this evening's Cross County Amateur Radio Club's Sunday night net. "Do I have any further checkins, please call" {Your Callsign}.

*When there are no more check ins. Start back at the top and take their 2<sup>nd</sup> round comments. At the end and if there are no more checkins. Thank everyone for their participation, close the net and return the repeater to its normal use.*

*[Closing comments]*

Hearing no further checkins, I would like to thank everyone for their participation in tonight's net. I would also like to remind everyone to checking on the Cross County Amateur Radio Club's Skywarn Net held on this repeater on Wednesdays at 8:30pm.

This is {Your Callsign} returning the repeater to its normal use, Thank You!
