M1ESX Wins Trophy in 6mtr Contest

In May 2000 Adrian G0NAR, Peter G1ITE/M5ITE and Andy G7WAJ/G0MSA entered the Gargano (Italian) Six Metre Contest, using an Icom 736 into a home brew 7 element antenna and a G1BVI linear amplifier. Despite a relay problem with the linear, output jumped between 3W to 400W, a third position in the foreign section was attained.

DAY TRIPS

Following the trip to Amberly Chalk Pits, it has been suggested that trips to Duxford and HMS Belfast be arranged, those interested please contact Andy G0MSA.
