

**Navy-Marine Corps Military Affiliate Radio System (MARS)
and Military Recreation Amateur Radio Station**

Building 105, Naval Air Station, Patuxent River, Maryland

Access/Usage Agreement

By my signature below, I hereby agree to comply with and adhere to all published rules and regulations governing the operation, maintenance and use of the Military Affiliate Radio System and Military Recreation Amateur Radio Station facility located at building 105 on the Naval Air Station, Patuxent River, Maryland. I agree that I have received a key and permission for access to the facility, subject to revocation by the station manager for cause, and will return the door key to the facility custodian prior to transfer from this station or upon request of the custodian.

Specifically, I agree to the following:

- Compliance with all FCC Part 97 and MARS rules and regulations
- Compliance with current OPNAVINST 2070.2 and NASPAXRIVINST 2070.2 instructions (on file at building 105)
- No government equipment will be removed from the facility
- No access keys/combinations will be given to, copied or allowed to be copied by/for unauthorized personnel (a current listing of authorized personnel is posted on the bulletin board by the sign-in book). I agree that the North Security Gate key will only be used during extreme winter weather conditions which make the patrol road impassible.
- No unauthorized personnel will be allowed to remain unaccompanied in the facility
- NAS Patuxent River Safety Regulations will be followed at all times (see the Safety bulletin board for additional information)
- I will maintain a level of participation in the operation, maintenance and general support of this facility of at least 5 hours per month or lose access privileges
