

## Net Protocol

Good Evening:

Welcome to the Hocking Valley Amateur Radio Club Wednesday Night Net. This net meets weekly at 9:00 local time on the duplex frequency of 147.345+ or on the simplex frequency of 147.495. The purpose of this net is to give local amateurs practice in handling emergency, priority, health and welfare as well as routine traffic for Hocking and the surrounding counties. This net also allows local amateurs to evaluate the club repeater and their respective stations' suitability to handle emergency situations.

This is an open net for the use of all radio amateurs.

My station \_\_\_\_\_ is net control for this evening's net and my name is \_\_\_\_\_.

Are there any stations with emergency, priority, or health and welfare traffic? Please call net control now.

Are there any stations with routine traffic? Please call net control now.

With the conclusion of the traffic portion of the net, we will now proceed to the informal part of the net.

<< Over >>

Stations wishing to check into the net please give your:

- Call Sign
- Name
- QTH
- In (if you are providing comments, announcement or discussion)
- Out (if you have no comments for the net)

Please check in at a rate that will allow net control to log the requisite information.

- Are there any portable or mobile stations wishing to check in? Call net control now.
- Are there other stations wishing to check in? Call net control now.

Thank you, this concludes the Hocking Valley Amateur Radio Club Wednesday Night Net. This net will meet next Wednesday at 9:00 local time on the duplex frequency of 147.345+ or on the simplex frequency of 147.495.

This is net control \_\_\_\_\_ ending the net at \_\_\_\_\_ and returning the repeater to normal use.
