Internet Addition

The Jacksonville Amateur Radio Society Inc. is a not-for-profit organization that provides support for members in all aspects of Amateur Radio which is regulated in the United States of America by the Federal Communications Commission (FCC). We conduct monthly meetings, publish a bi-monthly newsletter, and establish communications in emergencies, disasters, and various drills.

**Next JARS Meeting
On
March 5, 1996 &
April 2, 1996
at Wareco on
East Morton Ave. in
Jacksonville, IL.**

Your probably asking yourself why is this an internet issue? Well it seems I have been spending the majority of my free time there lately. The Program Committee is planing a meeting in the future at NetJax, the local internet provider here in Jacksonville. NetJax has moved into a building on the Plaza and is currently remodeling. They will have a classroom set up with computers to demonstrate the internet. Our meeting at NetJax will probably be in May (more on that in a later issue). Currently there are several JARS members on the internet both in Jacksonville and other providers (internet addresses in this issue), if you are on let me know and I will get your address in the newsletter. kb9fbi@netjax.com -

IT's HERE AGAIN!

That time of year to start thinking of severe weather!

On the following few pages I have included some material that is reprinted from the Missouri-Illinois Regional SKYWARN Association newsletter, the Squall Lines, Vol. 2 Number 2, February 19, 1996.
