

WORKSHOPS SPONSORED BY SOUTHERN CALIFORNIA EDISON

***Electric and Magnetic Field Lab Tour and Interactive Workshops
Brian Thorson - Instructor***

August 12, 2009

September 9, 2009 – SCATS GROUP

October 16, 2009

November 18, 2009

December 9, 2009

As an amateur radio operator, we must be aware of Electric and Magnetic Field (EMF) exposure when operating our station equipment whether at home or at a public location. This workshop is designed to answer basic questions as:

- What are EMFs?
- Can EMFs affect us?
- What is being done to resolve EMF issues?

During this workshop, you will learn about EMF sources, mitigation techniques, and health research. You will also tour an EMF lab with unique interactive displays and participate in hands-on activities that will give you a better understanding of the basic scientific principles behind electric and magnetic fields.

WHEN: Wednesdays – 8/12; 9/9;10/16;11/18; 12/9
TIME: 9AM – 2pm
WHERE: Southern California Edison
6090 N. Irwindale Ave.
Irwindale, CA 91702

Continental breakfast and lunch included

ADMISSION: FREE – first come, first served, limited to 30 participants.

HOW TO REGISTER: call 1 (800) 200-4723 (EMF Workshop #) and leave a message that includes:

- Your name
- Your phone number
- Your email address
- Your request to reserve a space for the EMF workshop on **date**
- (*SCE recommends you clearly spell your email address so they can send you an e-confirmation*).

CANCELLATIONS: If for any reason you cannot attend, please contact Edison
