## **Los Banos ARC Participates in Field Day**

*Mike Germino, AD6AA Braves the Elements (104 Degrees) to Make QSO's on 40 Meters*

*Mike, AD6AA Works "the Multitudes" from AA6LB as (standing left to right) George, W6YD; John, KE6UCX and; Dave, KG6NUO Lend Moral Support.*

## **Off to Merry Olde England...**

By the time you read this issue of *The Frequency*, Sylvia and I will be enroute to England for a much needed vacation. We hope to maybe get up to Scotland during our stay and possibly cross the English Channel and go into France for a day. We're taking neither radios nor laptops, so this will be a true vacation. Upon our return in July, I expect to begin setting up the radios and equipment in the Ham Shack. That project should be complete sometime in August or September. When it's finished, we plan to hold an open house for our friends - both the radio-active ones and the un-initiated ones. Who knows -- we could even hold a Club Meeting or two there!

73, George - W6YD
