

Los Angeles County Operational Area Disaster Communications Service

After Action Report (AAR)

District: LMT

Date: 6/27/2023

Activity: ARRL Field Day

Date of Event: 6/24/2023

Time: 1100

To Date: 6/24/2023

Time: 1500

Number of DCS Members: 2

Hours: 23*

Please Attach A Copy of the Sign-In Sheet

DCS Incident Commander: S-50 Unit I.D.

Net Control Operator(s): S-50 Unit I.D., T-234 Unit I.D.

DCS Safety Officer(s): S-50 Unit I.D., Unit I.D.

Command Post Location / Address: 26123 Narbonne Avenue, Lomita, CA

Purpose of Activity: Check out the latest equipment at LMT under contest conditions.

Who Requested DCS? Name: Sgt McCoy approved

Agency: LASD

Overview of the Event / How Was DCS Used: We operated a class 1F (EOC) station in accordance with the 2023 ARRL Field Day rules.

Suggestions / Issues: Results were not as good as anticipated. Reasons include unfamiliarity with the HF radio settings, computer idiosyncroncies, new logging sotware and its interface with WSJT-X. Power supply upgrade allowed for simultaneous HF and VHF operations. Need to invest more quality time training on the equipment before the next event.

*Hours shown include operating during the Field Day period plus preparation hours.

Equipment / Modes of Communications Used: FT-897 HF voice and digital, FT-8900 2m and 6m voice.

Other Agencies Involved: None

Prepared By: S-50 Unit I.D.

Date: 6/27/2023

After Action Reports are to be submitted to the Administrative Staff no later than 10 working days after the Event / Incident
