Time: 1830

To Date: 3/6/2024

Time: 0030

Number of DCS Members: 6

Hours: 36

Please Attach A Copy of the Sign-In Sheet

DCS Incident Commander: Diana Feinberg, S-60; Deane Bouvier, S-50 Unit I.D.

Net Control Operator(s): Diana Feinberg T3V10, Deane Bouvier T3V07

DCS Safety Officer(s): Diana Feinberg S-60, Deane Bouvier US-50

Command Post Location / Address: Superior Courthouse parking lot, 825 N. Maple Ave., Torrance

Purpose of Activity: Ballot transport support

Who Requested DCS? Name:

Agency:

Overview of the Event / How Was DCS Used: DCS accounted for all ballot boxes brought to Torrance landing zone by LASD personnel and tracked all boxes sent to City of Industry

Suggestions / Issues: DCS instructions provided for Election Night were poorly done...directed us to report at Torrance Airport, 3301 Airport Drive but saw no LASD activity there. DCS net control was useless in providing correct location to report at despite our asking. Our team members engaged in multiple aspects of problem-solving to locate the correct location four miles away from Torrance Airport. The 1830 hours reporting time for DCS was completely unnecessary...at the correct site Deputies were still arriving for service at 1945 hours.

Equipment / Modes of Communications Used: DCS talkgroup on APX7000; 2-meter amateur radio for team members

Other Agencies Involved:

Prepared By: Diana Feinberg S-60.

Date: 3/14/2024

After Action Reports are to be submitted to the Administrative Staff no later than 10 working days after the Event / Incident
