

UNCLASSIFIED

NAVMARCORMARS Region Three Net Call-Up Procedure

FREQUENCIES

3X1B – Primary NDA, Secondary NCS

PREAMBLE

**"3X1B, 3X1B, THIS IS NNNXXXX STATIONS ANSWER BY AREA ROLL CALL.
ALL STATIONS MARYLAND, DELEWARE, DISTRICT OF COLUMBIA, OVER"**

After all stations from that state have checked in

call **"ALL STATIONS PENNSYLVANIA, THIS IS NNNXXXX OVER"**

call **"ALL STATIONS VIRGINIA, THIS IS NNNXXXX OVER"**

call **"ALL STATIONS WEST VIRGINIA, THIS IS NNNXXXX OVER"**

Acknowledge all stations heard ending with **"THIS IS NNNXXXX ROGER,
OUT"**

CALL FOR ADDITIONAL STATIONS

"3X1B THIS IS NNNXXXX, OVER"

Acknowledge stations heard. If no station heard no response is necessary.

Depending on conditions, you might want to have one or two widely scattered stations make additional net calls. That station would say **"3X1B THIS IS NNNYYYY, OVER"**

Net Control Station makes frequent net calls during both directed and free net.

ABBREVIATED CALL SIGNS

After stations have been acknowledged, Net Control Station may or may not authorize abbreviated call signs. Net Control Station will use own judgment depending on conditions. Net Control Stations must use full call signs at all times.

"3X1B THIS IS NNNXXXX, ABBREVIATED CALL SIGNS AUTHORIZED, OUT"

TRAFFIC ROUTING

Traffic will be passed based on Precedence: Flash, Immediate, Priority and Routine.

- Route all Out-of-Region traffic to a station that can take the traffic to Winlink.
- Traffic listed for individual stations to that station .
- Traffic listed by states to the first station checking in from that state.

NAVMARCORMARS Region Three Net Call-Up Procedure

BUSINESS

After traffic has been passed, complete any requested communications for the directed net or training, check with any staff checked in for official business or comments. Staff should be called by chain-of-command order (national, area, region).

FREE NET

The net may now be set free as follows:

"3X1B THIS IS NNN0XXX, THE NET IS FREE, USE FULL CALL SIGNS, OUT."

(All stations must remain on the net until the net is closed down. Stations must request permission to secure early from Net Control Station.)

NET REPORT

Either after completing traffic, comments and communications, and before setting the net free, or by making the net directed later on, send NET REPORT to the net manager. If he/she is not aboard, send to any station from net managers state.
