Re: Rally New York 2004 held in Monticello, NY on April 16 and 17, 2004

Dear Mr. Mott:

I want to thank you, your members and members of other cooperating amateur radio societies for providing emergency radio communications for Rally New York 2004. The event was a huge success, attracted a large number of well-behaved spectators and contributed significantly to the economies of the County of Sullivan and the County of Delaware.

The participation of thirty-five amateur radio operators made this success possible. Enclosed is a small contribution to SCARS as a token of our appreciation for your outstanding support and friendship. Again, thank you.

With Best Regards,

Ivan Orick
Chairman & Clerk of the Course
Rally New York
