

The Amateur Radio Witness

Many times I try to tell someone about
what the Lord Jesus Christ has done for me.

How, one day, He came into my life
and has set my soul sin-free!!

I long for others to know Him and
believe in Jesus- God's only begotten Son.

To tell them that He is the only adversary
against the Devil, Satan--the "Evil One".

With Amateur Radio Communications, now,
I cannot help but want to share.

As often as I am able to do so
God's Plan of Salvation goes "on the air."
Knowing that some people are uncomfortable,
being reached through Amateur Radio means.

Yet, I so deeply believe the time is here
that everyone know where our heart leans!!

And I know it's not that you don't listen.
To God's Voice in the message I'm sending thee.

For He is truly calling out to you, my friend.
You are just simply receiving me "off frequency."
