

FB; Ferrite bead
 7809; Voltage Regulator
 9Volts @1Ampere
 2p,3p,1000p; Chip capacitors
 L1,L2; Made of copper wire
 13mm long, 1mm dia.

Low Pass Filter at output is not necessary, when this unit drives following amplifier.

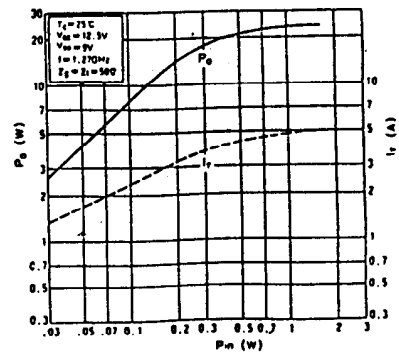

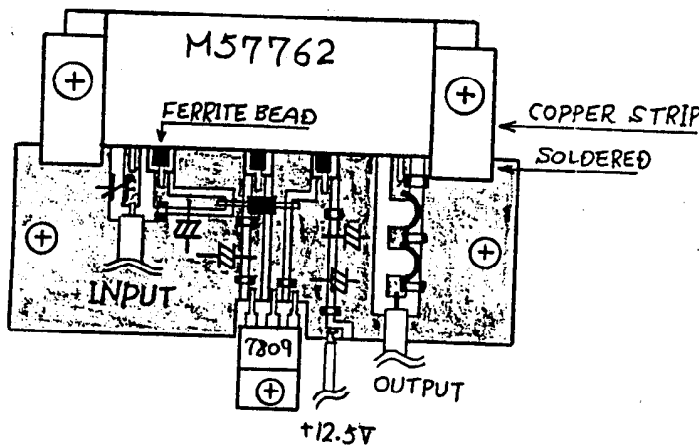

Example circuit diagram

THROUGH-HOLES TO GROUND PLANE

Glass-Epoxy PWB
 1.6 mm thickness
 double sided

Example of PWB

Example for construction
