Gentlemen:

Due to the many requests for further information on the various amateur products manufactured by RCA and distributed by the Leo J. Meyberg Company of San Francisco, we have arranged for our representative to give demonstrative talks to colleges, radio clubs and military organizations interested in amateur communication work. May we suggest that you inform us if you are interested in such a demonstration and arrange with our representative as to the time and place for a meeting.

It will be a pleasure to cooperate with you and, of course, there is no obligation attached.

Yours very truly

Gentlemen:

Due to the change of address of our organization I have just received your letter dated May 13th, 1936.

I wish to assure you that we would be very much interested in having your speaker give us a demonstration of your new equipment. Some of us are already using your equipment and I am sure your speaker will be able to show us how to get improved results.

I will notify you as soon as we get settled in our new location and arrange for a meeting.

Yours truly,

Willis S. Clayton, Jr.
