

# Radio Relay Body To Meet

SAN FRANCISCO, July 1 (UP).  
—The first convention since 1949 of the Pacific Division of the American Radio Relay League will be held here for two days starting July 4.

Over 400 delegates to the conference of amateur radio operators will be told about their role as communication specialists in the event of a civil defense emergency.

The members from California and adjoining states will hear talks from Rear Adm. A. G. Cook, director of the San Francisco Disaster Council; Kenneth Clark, head of the San Francisco office of the Federal Communications Commission and A. L. Budlong, national secretary of the radio relay league.

# Radio League Will Convene

Several members of the Santa Clara County Amateur Radio Association, headed by President Paul Tibbs, will attend the three-day Pacific division convention of the American Radio Relay League which opens tomorrow at the Whitcomb Hotel in San Francisco.

Tomorrow's program will include technical motion pictures on radio and a conducted tour of the city. Featured Saturday will be "transmitter hunts"—mobile detective work in tracking down the source of radio signals—more movies, a boat tour of the bay for the ladies, a fashion show and a code speed contest.

Larry Reed, W6CTH, of Redwood City, is general chairman.
