

NOTICE OF PASSING

OBITUARY

DR. JAMES HENDRY

We announce the peaceful passing of Dr. James Hendry in the early morning of November 2 2005.

Jim will be sadly missed by Lorraine, his wife of 53 years, his children, Heather (Brent) Hrymak, their children, Carmen and Haley of Erickson, Manitoba; Maureen (Andrew Caron), their children Frazer and Emma of Nelson, BC; Bruce (Sue) of Nelson BC and many friends and relatives.

Jim was born in the Highlands of Scotland on October 22, 1925. He graduated from Aberdeen University with a Medical degree before immigrating to Canada. He was the first pathologist at Brandon General Hospital as well as director of the Western Manitoba Laboratories. After raising their family, Jim and Lorraine moved to Vernon, BC, where he practiced until the age of 70 years. Retiring in Nelson, he found a new passion in driving. Nelson's trolley and numerous volunteer activities, such as the Red cross, helping the senior's book exchange and being a grandfriend at a local school. He always looked forward to his nightly walk with his dog.

He lived a rich and interesting life. Jim was an avid ham radio operator, loved playing piano as well as tennis and enjoyed his travels all over the world. People who knew Jim appreciated his sense of humour, honesty and knowledge of world events.

Jim bravely fought heart and kidney disease during his last two years. At his request there will be no service. Should friends desire, donations could be made to the Kidney Foundation or their local SPCA.

As Jim would often say when signing off on his ham radio, "73's and Good Evening. VE7EFM"
