 To all radio amateurs

SB SPCL ARL ARLXØ11  
 ARLXØ11 2Ø18 W1AW Field Day Bulletin

Don't let absent sunspots dictate your Field Day 2Ø18 fun. It's time to quickly push the envelope and learn new skills. You do not need a 59 signal. Digital technologies, such as FT8, PSK31, MFSK, and RTTY offer opportunities to learn something, whether you have been licensed 1 month or 4Ø years.

There is no more effective tool for spreading the word about Amateur Radio than to use social media. Today almost everyone has a social media footprint. The use of Twitter, Facebook, Instagram and other platforms is an easy way to let people know Amateur Radio is alive and well. Just use social media to promote your FD operations and earn bonus points. Refer to Field Day rule 7.3.16 for more details and use #ARRLFD .

Experience all the tools at your disposal and you will discover Field Day can be new a new zenith no matter how many times you have participated. Good luck and 73!
