2005 3YØX DXpedition Peter I Island Antarctica

More people have flown in outer space ..
than have set foot on Peter I Island!

This photo of Peter I was taken in 1987 by Trond Eiken of the Norwegian Polar Institute (NPI). This is a head-on view of Eva Odden (Cape Eva) and Radiosletta (Radio Plains), with Lars Christensentoppen (Mt. Lars Christensen) in the background.
(We added the antenna at our proposed campsite).

Thanks to Warren Dowler NS8R, for more go to <http://www.peterone.com/main.htm>
