

The Bands Are Dead??

For anyone who thinks the bands are dead, take a look at the contacts made by AB9M November 10th to November 16th. All done with about 30 watts. Also see the QSL card from KE5AAO/MM off the coast of Africa. That contact was made while we were participating in JOTA from Howard Virgin Forest Park near LeRoy last month.

Another busy week for PSK-31. Several mornings the entire bandpass on 20M was full of signals.... twenty to thirty simultaneous streams of European DX stations. Then later a small afternoon opening to Japan and Asia. Working FR5MV on Reunion on PSK-31 was treat. 40M PSK-31 QSN in BOLD.

My Omni VI+ came back from Ten-Tec Monday. I used it to put 4O/K1ZZ in the log at 01:07 11/14/2008 on 7.015 MHz CW.
