

# 2003 Central Illinois Severe Weather Seminar

The 7<sup>th</sup> annual Severe Weather Seminar will be on March 8<sup>th</sup>, 2003. The event will be held at State Farm Insurance's Illinois Operations Center located at 2702 Ireland Grove Rd. Bloomington, Ill. Check-in begins at 8 a.m.. The Seminar starts at 9 a.m. and ends 3:30 p.m. Lunch and snacks will be provided. Registration is \$10 per person.

## The list of Experts scheduled to attend include:

Ron Przybylinski,

NWSFO St. Louis Mo. Ron will be speaking on project BAMEX. The project is an experiment using multiple aircraft along with ground based vehicles to study bow echoes and mesoscale convective systems throughout the Midwest.

Josh Wurman

Dr. Wurman has led the development of the Doppler On Wheels (DOW) mobile weather radars. Using the DOW 2 and DOW 3 radars Dr. Wurman has collected unprecedented high-resolution data in several tornadoes revealing their structure, formation and evolution.

Al Moller

The lead forecaster from the Dallas/Fort Worth NWS Office will be discussing the environmental clues associated with the potential development of tornadoes in both isolated and linear storm structures.
