

Simulated Emergency Test 2010 Net Preamble

Calling all radio amateurs. Calling all radio amateurs.

This is (KH6HPZ, Hawaii State Civil Defense) calling the Simulated Emergency 2010 net. This is the annual Hurricane Exercise, and net operations will be from 9:00 am to 12 noon. We will take check-ins, review the scenario, then open the net to exercise operations.

Are there stations with emergency traffic?

Check-ins

We will take net check-ins, by County. When checking in, please give (a) your location, (b) whether you are able to operate with emergency power, (c) served agencies that you are in contact with during the SET net and (d) whether you're newly licensed since 2006. The information is summarized and reported to ARRL at the conclusion of the exercise. See ARRL Field Service Form A for more details.

This is KH6HPZ, taking check-ins from Kauai County

This is KH6HPZ, taking check-ins from the Hawaii County, Big Island

This is KH6HPZ, taking check-ins from Maui County

This is KH6HPZ, taking check-ins from Honolulu County

Scenario and Instructions

This year's SET scenario involves a simulated hurricane. The simulated landfall of the hurricane will be at 10:00 am. The time table for the net follows:

- 09:00 am Progressively stronger winds prior to landfall. Messages should relate to preparations and coordination.
- 10:00 am Simulated landfall for the hurricane. Messages should change to support the assessment and relief efforts.
- 11:50 am Prepare to close the net and collect reports. Report (a) the number of formal 3rd party written traffic messages originated or delivered during the SET on behalf of served agencies, (b) the number of minutes spent conducting TACTICAL communications on behalf of served agencies.
- 12 noon Close net

Begin the body of each message with the words "This is an exercise message." and end the message body with the words "This is an exercise message."

This is (KH6HPZ, State Civil Defense) standing by.

Periodic Net Announcement

This is (KH6HPZ, State Civil Defense) with the annual Simulated Emergency Test exercise. The net is a preparedness exercise for a simulated hurricane. This is not an actual storm system.

9:15 Information Bulletin Alpha

This is (KH6HPZ, State Civil Defense) with Information Bulletin Alpha for the annual Simulated Emergency Test exercise. We start passing messages relating to preparations and coordination leading up to the simulated landfall. End of Information Bulletin Alpha.

10:00 Information Bulletin Bravo

This is (KH6HPZ, State Civil Defense) with Information Bulletin Bravo for the annual Simulated Emergency Test exercise. We are now passing messages relating to assessment and relief operations.

End of Information Bulletin Bravo.

11:50 Information Bulletin Charlie

This is (KH6HPZ, State Civil Defense) with Information Bulletin Charlie for the annual Simulated Emergency Test exercise. We are closing the exercise and collecting information for the reports for SET results. Please stand by for roll call and reporting the results.

Report (a) the number of formal 3rd party written traffic messages originated or delivered during the SET on behalf of served agencies, (b) the number of minutes spent conducting TACTICAL communications on behalf of served agencies.

End of Information Bulletin Charlie.

Closing the Net

This is (KH6HPZ, State Civil Defense), closing the Simulated Emergency Test 2010 net. I'd like to thank all stations for participating. This is KH6HPZ, clear.
