

State Civil Defense ARES Information Bulletin Delta

Tuesday, August 11 5:50 am

At 5:00 am, Tropical Depression Felicia was located at 155 miles east of Kahului with maximum sustained winds of 35 mph with higher gusts.

Felicia is anticipated to make landfall in Maui County on Tuesday mid/late morning.

Amateur radio operators are encouraged to continue preparations, review action and response plans with their family, and stay tuned to the media, National Weather Service NOAA radio and informational sources.

The latest schedule of amateur radio nets follows:

National Weather Service

The National Weather Service is anticipating activating Skywarn radio operations on Tuesday morning at 8:00 am. Skywarn will come up at the top and the bottom of the hour to pass bulletins, and will monitor the frequency for reports and messages.

Scheduled IRLP and Echolink Voice-over-IP Radio Frequencies are:

- * Hilo EOC, IRLP Node 3725, 445.550 MHz simplex, PL 114.8 Hz
- * Maui Haleakala Repeater, 442.100 (+) MHz, PL 136.5 (via AH6GR)
- * Maui Wailuku Repeater, 442.750 (+) MHz, PL 136.5 (via AH6GR)
- * Metro Honolulu RoundTop, IRLP Node 3080 443.425 (+) MHz, PL 114.8 (via KH6FV)
- * Windward Oahu, IRLP Node 3197, 444.375 (+) MHz, PL 114.8 (via KH6FV)
- * North Shore Oahu, IRLP Node 3668, 146.76 (-) MHz (via KH6FV)
- * West Oahu, IRLP Node 3217, 443.550 (+) MHz, PL 114.8 (via KH6FV)
- * West Oahu, EARC Mauna Kapu, 146.80 (-) / 444.100 (+) MHz, (via KH6FV)
- * Kauai EOC, IRLP Node 3730, 147.550 MHz simplex, PL 114.8 Hz
- * EchoLink Conference Server "HI-GATE" Node 357564 (via KH6FV)

To consolidate and provide better coverage of radio operators and monitors, the Skywarn net, SCD VHF Network and EARC DH 146.88 will be monitored at the National Weather Service Office and off-site.

For urgent matters, amateur radio operators are encouraged to report important items directly to the Civil Defense, DEM or the National Weather Service

- Maui CD 270-7285
- Honolulu DEM 723-8960
