DX Contest Results—CW

They did it again. — It was not enough that 4X4DK took top honors in the Phone Contest but now 4X4BX, Sam Monastirsky completed the job in the CW Section. His record breaking score of 752,346 points was achieved by having next to the highest number of contacts, 888 and the largest country multiplier, 294 on all bands. Congratulations Sam, you are the winner of the W2IOP trophy, donated by Larry LeKashman to the single operator having the highest All Band cw score.

A surprise second was W4K VX, Don Chesser whose 135 zones was the largest zone multiplier. He was closely followed by K2GL operated by John Ryan, W7KVU, who by a stange coincidence was on the East Coast during the CW week end. W3GRF, Leonard Chertok last year's operator at W2HJR, decided to stay home and operate his own rig and took the fourth spot. And who had the most QSO's? You guessed it, Nosey of KH6IJ fame with 1,183 contacts. This enabled him to place fifth. Next was W3ECR operated by Russel Martin, W3MFW. And in seventh position was CE3AG, Luis Desmaras. This completed the better than half a million point group.

The Single Band operators all came thru with record breaking scores with the exception of 14 mc. This record is still held by W4KFC. Vic's 171,776 points last year is still the record to beat. It was to be expected that 28 mc and 21 mc would show considerable gains over last year but we were surprised to find JA1CO at the top of the 10 meter heap and that W8BKP had nosed out W2WZ, last year's champ on 15. The 14 mc gang was pretty well bunched and many showed scores in excess of 100,000 with 38 zones and 99 countries but only W1HZ hit the century mark in countries. To our knowledge this is only the second time it has

been done by a single operator on one band. Last year W3JTK also on 20 worked 102 countries. In number of contacts KL7PIV led the one banders with 538 contacts on 21 mc.

The 27 mc band only received limited use and that by the All Banders as a means to increase their multiplier, but W8AJW stuck it out long enough to win himself a certificate on a Single Band.

On the lower frequency bands special mention must be made of W3BVN and his record breaking performance on 40. His 50,388 points and 241 QSO's in 51 countries is going to be a hard record to beat. Lyle's remark, "too little, too late, wait until next year," must go down as the understatement of the contest.

The 80 meter band was dominated by the EU boys and Armin, DL1FF topped them all with 10,234 points and 187 QSO's in 35 countries.

The 160 meter band just didn't exist except for an occasional local contact for a 1 and 1 multiplier.

The Multi Operator competition was dominated by the Southern California gang in the USA and it was their totals in this section that enabled them to beat out the Potomac Valley group for the CQ Magazine Plaque. This is a new prize donated to the DX club showing the highest totals in both the Phone and CW contests. Congratulations fellows, but don't let it go to your heads. We have a feeling the East Coast gang will be out gunning for you next year. Many of the foreign stations claimed club participation and their totals are herein listed but they cannot be honored for club award. The rules distinctly stated that it has to be an affiliated DX club not a national organization.

The score turned in by W6MUR on 14 mc was not the highest but Rod Johnson and Bill

ced sixth in the

Martin must have concentrated on a multiplier because they worked all zones except number 23 and their 121 countries, on one band mind you, was far ahead of anything we received. We still think that the All Band groups should do better.

Returns from the newly created Novice division were very poor. However we must mention the fine efforts of KN4GMT and KN9CAZ.

There was the usual cry from the QRP boys. Quote W7MQY, "8 years of tearing out my hair chasing DX with low power." You can relax now Yul Brynner, your 28 mc certificate will shortly be in the mail.

Altho we hardly recommend this for chasing DX, JA3SW, SM7CPB, SM5BRS and SM7BBN did it with only 5 watts.

The YLs were in the pile ups too, to mention a few, W3AMA, W7QGF, KZ5KA, PAØULA and VE5DZ.

The Committee is always open to constructive suggestions and to prove it we took GC6FQ's suggestion of raising the B power class to 150 watts and W8RQ's idea of more than one award per division. Therefore in countries and districts where we feel the returns justify additional reward we have given second and in some cases third place certificates.

A total of 874 logs from 89 different countries were received, an increase of 35 per cent over last year. The total receipts from both Phone and CW was 1383 logs from 109 different countries. An all around increase over previous years but still not up to our expectations.

All the criticism should not come from the contestants. We on the Committee also have our gripes. Too many logs are still coming thru unscored and with a lack of the vital information we need to properly judge them. Believe it or not some even failed to note the band they were operating. Many well known stations that were heard taking active part during the contest period, did not bother to send in a report, making our checking problem more difficult. There is no excuse for LZ1WD's remark, "I cannot understand why so many W hams did not know the rules."

In closing I want to again express my thanks to my very effective and hard working committee. Guy Flower W1DHO, "Mac" McIntire W2BO, Ben Lazarus W2JB, Ray Yard W2DKF and our helper Warren Wade KN2ERS.

73, Frank, W1WY

Bill Bruning and his shack at K6IYJ. (One of the So. Calif. gang).

CE4AD — Adalberto Brito from down South America way.

Claude Ronsiaux — F9MS who can always be found in a contest.

Sunburn Cream Handy?

Better get your ladder out and ready to use for certainly one or two of the antenna articles in the July CQ will send you running out into the yard, wire in hand. Gloryowsky, but we have antenna articles next month.
