Committee Reports

Repeater Committee -

440 - There has been no more resetting. We still have to login manually on Monday mornings, but the system is stable.

73 – The internet has been down for a week. We will reach out to Pierce Telecom and see what it will cost to make it happen. If we cannot get internet we may need to swap towers which will cost a lot. Currently we don't have a solid connection to the Nebraska Hub and we are uncertain as to what is happening with the Hub. Monty will reach out to Wes in Elkhorn.

Testing Committee – Jeanna - KF0JKF passed her general test. The November testing session is on Wednesday the 16th due to a room conflict at the library.

Old Business

Hamfest – Discussion commenced about the Grand Prize. Aaron has heard from a few vendors about door prize and we will see what happens. Aaron will compile a list of prices for the Grand Prize and reach out to the vendors to see if they would like to cut us a deal to get something good at wholesale.

New Business

Simplex Net – We will start a simplex net in October after the next meeting. Monty will put it in the newsletter. More details to come.

Training

Terry R. talked about his new and improved Fox. We will do another fox hunt on October 15. More details to come.

The meeting was adjourned at 9:11

Respectfully Submitted,
Aaron Mathis, KT0Q
Secretary/Treasurer
