Date of Event: 9/13/2010

Time: 0900 to 1200

To Date: 9/14/2010

Time: 0900 to 1200

Purpose of Activity: Annual DCS inspection of all 220 MHz disaster amateur radio equipment at 19 public and 3 private school sites on Palos Verdes Peninsula at beginning of academic year. (Chadwick School, Rolling Hills Country Day School, and Peninsula Heritage School are the private schools; they participate in the network with the public schools.)

Who's Requesting? Name: Lora Dodell

Agency: Palos Verdes Peninsula Unified School District

How Will DCS Be Used: Two-person DCS teams visit all school sites to test every 220 MHz HT and mobile radio for readiness: Check all memory channels in radios, clean all battery and electrical contacts, measure SWR and power output of each radio, visually inspect roof-mounted antennas and coax lines. Also, verify all radio accessories (i.e., spare batteries, headsets, chargers, adapters, etc.) are found in each school's radio bag following summer storage. DCS members also answer questions from school staff pertaining to radio operation. There are currently 56 licensed amateur operators at the schools; each campus has one to four operators among its staff.
