Dear Diana,

Thank you for your time and effort planning and preparing for the disaster communications drill on November 8, 2012. Without your support, the advance radio training you provided and your participation in the drill, the drill would not have taken place, the emergency workers and community would not be as prepared as they are today, and we would not know that DCS can communicate from the City Council Chambers. Thank you too for the photographs of the drill.

We really appreciate all you have done and your commitment to the emergency preparedness of the community.

Sincerely,

Anton Dahlerbruch  
City Manager
