Activity I.D. No.: LMT001-020517

Los Angeles County Operational Area
Disaster Communications Service
After Action Report (AAR)

District: 17 - Lomita   **Date:** 2/7/2017

Activity: Annual Redondo Beach Super Bowl 10K/5K

Date of Event: 2/5/2017   **Time:** 0500   **To Date:** 2/5/2017   **Time:** 1100

Number of DCS Members: 7   **Hours:** 35   **Please Attach A Copy of the Sign-In Sheet**

DCS Incident Commander: Deane Bouvier Staff 50

Net Control Operator(s): Diana Feinberg Staff 60,

DCS Safety Officer(s): Diana Feinberg Staff 60,

Command Post Location / Address: Crown Plaza Hotel, King Harbor, Redondo Beach

---

Purpose of Activity: Provide safety and health communication from the Start/Finish area and at every mile marker on the course.

Who Requested DCS? Name: Sgt. Douglas Shive   **Agency:** LASD

Overview of the Event / How Was DCS Used: Communication support for the race, augmenting the Redondo Beach DSW organization. This event is effectively a disaster communications field training activity. Seven 7 LAC DCS Members, 2 RBPD Disaster Communications Members and 3 addition operators staffed the event. According to race organizer there were about 7,000 runners plus a large crowd.

Suggestions / Issues: There were no communications issues using the Palos Verdes Estates DSW Neighborhood Amateur Radio Team's repeater. The repeater had great handheld coverage over the entire operational area. This demostrates the significant advantages of having a productive relationship with the contact cities.

Equipment / Modes of Communications Used: 440 MHz HT radios; W6PVE repeater

Other Agencies Involved: RBPD had a full showing including reserves, armored vehicle, drone high flying overhead, SWAT on Hotel roof top and RBFD. TPD supplied several motors, LAPD and LA Port Police provided 3 bomb detection dogs that inspected the entire start finish area. Hawthorne PD SWAT was present with their armored vehicle and lastly LASD had an airship flying the course (this was planned by RBPD). An RBPD Lt. expressed appreciation for our help.

Prepared By: Deane Bouvier Staff 50 & Mike Semos, T-100.   **Date:** 2/7/2017

After Action Reports are to be submitted to the Administrative Staff no later than 10 working days after the Event / Incident
