

IC-706 antenna tuner connector:

Interfacing Table for Compatible Smartuners					
IC-706			SG-230	SG-237	SG-239
Pin #	Function		Wire Color	Wire Color	Screw Terminal
1	Key	to	White/Red	White/Red	ST-HLD
2	Start				
3	12VDC	to	Red	Red	ST-12V
4	Ground	to	Black	Black	ST-GND
Note: Not compatible with SG-231 & SG-235 as HOLD function on these Smartuners is activated by Ground, not 12VDC.					
For information about connecting the original IC-706 to the SG-231 Smartuner, check out our SG-231 page
