*For those of you who have email capability, the Cary Amateur Radio Club will be sending meeting notices (and recent news items) in a PDF file called "The Feedline." This is a resurrection of the old Feedline that was sent out as hard copy via the USPS, years ago. Now, we are avoiding the printing and mailing costs of even the postcards. Some of you may be receiving this having not previously received a postcard. We want to include as many as we can to enlarge the foot print of Amateur Radio.*

The Thursday, October 24, 2013, meeting of the Cary ARC will be convened at the White Plains UMC, 313 SE Maynard Road, Cary, NC 27511. The business meeting will begin on or after **7:31 pm**. We meet in the basement of the Activities Building at the rear of the lot. The meeting room is at the opposite corner of the building – diagonally – from the entrance.

The program this month will be a hands-on seminar on "**Soldering Techniques**." All supplies and consumables will be supplied. You must bring your own eye protection – safety glasses, etc.

Also, there will be nominations for Club Officers. We should have elections, if all nominations are in order.
