REC'D			SENT		

Note that there is no NUMBER, but it says 'book of 4', meaning we'll send this to 4 people. The Header, Text and Signature are in the common part. We also include an OPNOTE on the signature line, indicating where to send a service reply (if message not deliverable). The address is blank, and will be the specific part of each additional send.

Let's say we want to send this to the following 3 ARRL appointees and one fake recipient (preceded by message number we've chosen):

- 2 Marcia KW1U, Maynard MA 01754
(Marcia is the MA Section Traffic Manager, and this shortened address will get to her)
- 3 Phil Temples K9HI Watertown MA 02472 k9hi@arrl.org
(Phil is the ARRL New England Vice Director)
- 4 Tom Frenaye K1KI West Suffield CT 06093 frenaye@pcnet.com
(Tom is the ARRL New England Director)
- 5 Jim Jones 447 1st St Boston MA 02120 617-555-1234 jjones73@gmail.com
(if there is a Jim Jones at this address, email or phone #, I apologize)

First, voice the common part. In all of these, the ‘...’ signifies a pause, and you should pause longer if the word you voiced is longer. I have prowords in parentheses to be voiced, and any comments (which you won’t voice) in brackets.
