President's Corner

How will you do radio this Summer? Whether socially at the club's Field Day, doing a solo park activation, or appreciating an air-conditioned home station, hopefully the warmer months will provide an opportunity to engage in the hobby.

While enjoying the hobby this Summer, think about if there is anything you would like your club to do next year, and how you could enable that.

Once again I'd like to thank the 2022-2023 officers for their contributions over the last year(s) and offer my best wishes for the incoming officers.
