President's Corner

Thanks to everyone who attended the September meeting. We accepted several new-member applications and had some good discussions. There is interest in hearing about members' ham shacks, which we will try to incorporate into meetings this year.

For our October meeting, AARC welcomes Andy (KB1OIQ) Stewart, who will talk to us about using Linux in your hamshack. Andy is also the Affiliated Club Coordinator for the Eastern Massachusetts Section of the ARRL.
