## Hamfest

There are certain events which occur each year  
that brings to us amateurs lots of joy!  
But I guess the one we hold the most dear  
is the one most all Ham folks enjoy!  
People come from miles around in each state  
to share that special weekend event.  
Trying to find a bargain is how we all relate.  
The hope being is in monies well spent.  
What is this special event I'm speaking about?  
What brings so many ham radio folks together?  
And what makes them often go without?  
Just to spend hard earned monies whether  
they actually needed anything they might have bought!.  
I guess that's how we hams all measure  
our stations to that of one we sought.  
That's why hamfests brings such of a pleasure.  
Yes, it's the 'Hamfest' that I am speaking of!  
The event that so many thrifty amateurs attends.  
No other time seems to garnish so much love.  
Or draws so many hams together as friends.
