IMPORTANT NOTICE TO ALL NM REPEATER OWNERS/TRUSTEES

In an effort to keep the NMFCC database as up-to-date as possible, effective **IMMEDIATELY, ALL NM REPEATER OWNERS and TRUSTEES WILL NEED TO VERIFY ALL REPEATERS and LINKS ANNUALLY.**

Failure to **VERIFY ANNUALLY**, will result in an **UNVERIFIED STATUS** in the database and the coordination will be put into a **one year** grace period before being **UNCOORDINATED** and possibly released to the available pool.

Please follow the google forms link and enter your repeater **STATUS**. You will need to do this for **EACH** repeater and **LINK** you own/manage/or are the trustee for. (If you have multiple repeaters and/or links, in lieu of submitting one form per repeater/link you may submit your "list" with **current status** to me at the email address shown below).

Please DO THIS NOW.

<https://forms.gle/sfQTgtfkUqQH69zW6>

I will compare your answers to the NMFCC database. Any discrepancies between your submitted info and the database, will automatically generate a NMFCC helpdesk ticket to your email to verify the correct info for the database.

Soon, the NMFCC website will show the **VERIFICATION STATUS** next to each published listing.

While this may sound harsh, it is time the NMFCC follows most other state frequency coordination teams (i.e. Colorado) who require an **ANNUAL VERIFICATION**.

Thank you for your cooperation, as it benefits **ALL**.

Any questions, please email me at w7fed@arrl.net

73,
Neil Addis
NMFCC Secretary and Database Manager
