# IARU REGION 1 2004 50 MHz Contest

## Final Result

The following logs have been disqualified due to major errors in the information given in the log. Please see the rules found at IARU Reg1 homepage, and also send to the Contest Managers before the test, for the complete description :

Class	Call	Locator	QSO's	Claimed	ODX
A	YO9GOH	??????	16	6820	1448
Due to Missing Own Locator - unable to check the claimed score. (IARU rules: 12' LOG SHEETS A - 'containing the essential information required to judge the contest entry'-)					
A	9H1TM	JM75FU	146	208350	NA
No distance info on QSO's. (IARU rules: 12' LOG SHEETS A -'number of points claimed'-)					
A	PA5TWO	JO22IH	76	22435	NA
Missing S-rep, R-rep, Point pr QSO. (IARU rules: 12' LOG SHEETS A -'report received, report send, number of points claimed'-)					
?	9H9H				
Electronic format NOT REG1REST, No Summaries (IARU rules: 12' LOG SHEETS B In digital form: The log shall be in the format REG1TEST / EDI) Log was in raw ADI – format.					

The following logs have been handled as Checklogs due to too late arrival or for other reasons.  
SP6NVN, SQ9JKW, SP6DNS, SP6GWN, SQ9DDH, EH1AHA, EH5RM, EH6XQ, EH5AAJ, EH7RM

### Contest Managers remarks:

It has been an interesting job to evaluate the logs from the 2004 IARU REG1 50MHz contest. It is interesting to receive all the logs and to see all the effort put into the contest, and the resulting QSO's.

But it has also been a job with less pleasant moments with logs that were not so easy to read. Due to lack of discipline in following the rules, there have been much too much work in checking the logs, and the simple task of following the rules in producing cover sheets that presents the needed information, is grossly neglected.

Many logs uses 59 – 59 reports trough out the log, which is not correct if the report not is 59 – 59, but since it is not possible to verify which end of the QSO that has the wrong report written I have reluctantly accepted both logs.

I have also taken the step to disqualify the above mentioned four logs. It is a must that logs displays at least the information mentioned in the rules given by IARU REG1, and has the format described either for Paper or electronic logs.
