

Rappahannock Valley Amateur Radio Club

P.O. Box 1496, Fredericksburg, VA 22402-1496

Fredericksburg, Virginia, January 26, 2019

If you've ever wanted to learn about amateur radio and earn your license, your time has come. The Rappahannock Valley Amateur Radio Club is again offering its Spring Technician Class.

The course will begin Wednesday, February 13, 2019 and will run for seven weeks. Classes will meet each Wednesday from 7:00pm to 9:00pm. The final session on March 27, 2019 will be the test for the Federal Communications Commission Amateur Technician Class License.

Classes will be held in the Spotsylvania County Sheriff's Substation, across from the LensCrafters and the Central Rappahannock Regional Library, Mall Branch, in the Spotsylvania Towne Centre.

The course is free and the text for the course, "Pass Your Amateur Radio Technician Class Test The Easy Way" by Craig Buck, K4IA, will be available to students at cost of \$10. Students who pre-register, will find their text waiting for them at the first class.

To register or inquire about the course, send an e-mail to w4shs@arrl.net or kb4xf@arrl.net. The lead instructor will be Warren Lee, W4SHS, assisted by other licensed members of the RVARC.

The Rappahannock Valley Amateur Radio Club is a service club affiliated with the American Radio Relay League, the national association for amateur radio in the United States. Today, with more than 160,000 members, ARRL is the largest organization of radio amateurs in the world. The RVARC promotes amateur radio and supports many community events in the Fredericksburg area each year.
