January 21, 1922.

Mr. Harry Engwicht,
President San Jose Radio Club,
San Jose, Cal.

Dear Sir:-

Replying to your letter of the 17th. inst., please be advised that I have already written Mr. Doty regarding the violation of the regulations to which you refer.

It is desired, if possible, that such violations of the laws and regulations betaken cognizance of by the local organization. However, owing to the fact that the stations concerned are within easy communicating range of this city, it is absolutely necessary that these men comply strictly with the regulations, if they desire their licenses to remain in effect.

Replying to the last paragraph of your letter: the character and reputation of the person who turned in the report regarding these men, is absolutely unimpeachable; and there is no personal prejudice or malice whatsoever involved. All those interested in the welfare of Radio should understand that it is the duty of every good citizen and every good radio operator to report violations and infractions of the regulations whenever they are observed. Kindly govern yourselves accordingly.

With best regards, I am

Very truly yours,

J. F. Dillon,
Radio Inspector.

Mr. H. Engwicht,
Pres. San Jose Radio Club,
San Jose, Calif.

Sir:-

I regret to have to advise you that one P. Doty, of 9 Pine Avenue, San Jose., was heard operating on a wavelength of 225 meters, at 9:35 P.M. on the 14th inst.

It is requested that your Club take proper action against Mr. Doty, and have him operate his station in future on a wavelength of 200 meters, or under, as provided by law.

Thanking you in advance for your co-operation, I am,

Respectfully,

J.F. Dillon
Radio Inspector.
