Dear Sir:

Item 38 of the enclosed application should be completed. Items 28 and 29 are not clear in view of the Commission's records, which indicate that you have held one or more licenses not there shown, including one now valid. Since you evidently do not regard it as valid or necessary, it should be submitted to this office for cancellation.

In view of the location shown in item 36 an application like the enclosed should be supported by written consent of the municipality.

Yours very truly

John B. Reynolds  
Acting Secretary
