

November 3 1947

Federal Communications Commission  
Washington, D C

Gentlemen:

I herewith file with your office an application for an Amateur Radio Station License.

Inclosed you will also find a certified copy of articles of incorporation to which are attached a certified statement of a resolution naming the applicant as trustee to apply for such a license.

I also inclose the expired license of the society for whom I am making application.

I do not know whether the old call letters, W6SV, have been reissued. In case they have not been I respectfully request that they be reassigned to our society. If they have been assigned to some one else I believe it has been the practice of the Commission to assign a two letter call to those stations that have previously held such a call.

I further respectfully request that if the society is assigned new call letters that these call letters shall be either W6JL or W6LU or W6KF or W6QA or W6HM.

yours very truly

Dear Harry

The copy of the Articles of Incorporation you gave me were not correct so I am enclosing a correct copy to which I have added my certification as well as a certification of your appointment as Trustee.

As I am not sure that my certification will be sufficient I would suggest your having Robert Beresford at the Anglo Bank Bldg add his certification. He has a correct copy of the Articles so can do this officDally, and has a Notary Public handy.

*Form #990  
sent in 6-2-47*

Gentlemen:

Reference is made to the information submitted by you for use in determining your status for Federal income tax purposes.

The information submitted shows that you were incorporated January 16, 1947 under the laws of the State of California and are the continuation of a voluntary association which was in existence from 1921 to January 16, 1947. You were formed to encourage the study of the science of radio communication and to coordinate amateur radio activities. Your activities consist of holding periodical meetings to exchange ideas for the improvement of amateur radio communications and to discuss technical matters relating to radio communication. Your income is derived from membership dues, and expenditures are shown to have been made by you for dinners, rent, door prizes, stationery and postage, insurance, and for membership dues in the Amateur Radio Relay League. You state that no part of your net income inures to the benefit of any private individual.

Section 101(6) of the Internal Revenue Code provides for the exemption of:

"Corporations, and any community chest, fund, or foundation, organized and operated exclusively for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals, no part of the net earnings of which inures to the benefit of any private shareholder or individual, and no substantial part of the activities of which is carrying on propaganda, or otherwise attempting, to influence legislation."

Corresponding provisions of prior revenue acts contain similar provisions.

Inasmuch as you are not both organized and operated exclusively for one or more of the above-mentioned purposes, it follows that you can not be held exempt under the provisions of section 101(6) of the Internal Revenue Code and corresponding provisions of prior revenue acts.

2 - Santa Clara County Amateur Radio Association

However, it is the opinion of this office that you are exempt from Federal income tax under the provisions of section 101(9) of the Internal Revenue Code and corresponding provisions of prior revenue acts.

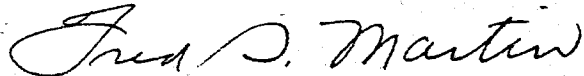

Accordingly, you will not be required to file Federal income tax returns unless you change the character of your organization, the purposes for which you were organized, or your method of operation. Any such changes should be reported immediately to the collector of internal revenue for your district in order that their effect upon your exempt status may be determined.

You will be required, however, to continue to file annually an information return, Form 990, with the collector of internal revenue for your district so long as this exemption remains in effect. This form may be obtained from the collector and is required to be filed on or before the fifteenth day of the fifth month following the close of your annual accounting period.

The collector of internal revenue for your district is being advised of this action.

By direction of the Commissioner.

Very truly yours,

Acting Deputy Commissioner

Dear Tom

I have just been advised by Mr. Robert Beresford, that  
*Anglo Bank Bldg.*  
the Secretary of State of California approved and filed our  
Articles of Incorporation on January 16, 1947.

Mr. Beresford has also advised me that it will be necessary for me to sign a certificate which must be attached to our copy of the By-Laws, also an affidavit claiming exemption from Federal income tax. With this affidavit it will be necessary for you as Treasurer to submit to Mr. Beresford, to be filed with it :

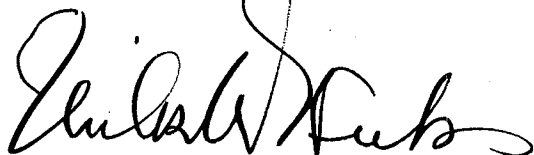

1. A classified statement of the receipts and expenditures of the last complete year of operation, and

2. A complete statement of the assets and liabilities as of the end of that year.

Will you therefore prepare and submit to Mr. Beresford as soon as possible, the above noted statements and notify me so that I can then go to Mr. Beresford's office and make my signatures.

I imagine your reports should be signed in duplicate, but you might fone Mr. Beresford at Ballard 340 to make sure.

Dear Mr. Weeks:

Enclosed are copies of the Articles and By-Laws, together with a sample state franchise tax claim of exemption questionnaire. The latter must be filed with the Articles.

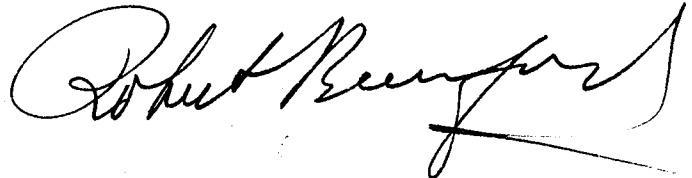

I have filled in some of the answers, as a suggestion, but please amend or correct them in accordance with your knowledge of the facts.

I have revised the By-Laws in conformity with your suggestions. The draft of the Articles which was distributed to the members has been polished up, but there are no changes of substance. New clauses, such as the powers described in Article III, constitute merely a statement of the law governing the corporation's activities. It is sometimes useful to the officers of a corporation to have this information in the articles, readily available for reference, when making contracts or other commitments on behalf of the corporation.

Please advise me when it will be convenient for Mr. Wiesinger and you to sign the original Articles at my office.

With best wishes for the new year,

Sincerely yours,

FEDERAL COMMUNICATIONS COMMISSION  
Washington 25, D. C.

Public Notice

April 18, 1946

The Federal Communications Commission on April 17, 1946, directed in Order No. 130-F that amateur station licenses which were validated by Order No. 130 dated November 9, 1945, and Order No. 130-A dated November 14, 1945, for 6 months, commencing November 15, 1945 and ending May 16, 1946, be extended for the duration of the term of the amateur operator license held by the licensee of the station. Under the provisions of existing orders the terms of certain amateur operator licenses have been extended so that they will expire between December 8, 1946 and December 7, 1947. Order No. 130-F extends the term of the station license to coincide with the term of the operator license, and since both will expire at the same time, the amateurs affected need not apply for renewal of station and operator license until the expiration date of the operator license. Applications for the renewal of an amateur station license and operator license are required to be filed not more than 120 days prior to date of expiration of the license and not later than the date of expiration.
