Mr. Russ Pettit  
c/o Chamber of Commerce  
Civic Auditorium  
San Jose, Calif.

Dear Mr. Pettit:

Please reserve the exposition building at the Santa Clara County fairgrounds for the Santa Clara County Amateur Radio Association on Saturday July 23, 1955.

Please advise me if it is necessary to have a meeting of the Fire Marshall, County Communications Officer, a representative of our group and yourself at the Exposition building as was done last year. If this is necessary, I would be happy to have you suggest a meeting date.

Last year it was necessary for our group to obtain a public liability insurance policy. If this is necessary for our forthcoming meeting, please advise me as to the amount necessary. We expect to have about 300 persons at this barbeque.

In addition, I would like to ask if you allow groups to participate in raffles on the premises. Also, is it permissible to have commercial firms display equipment?

I will be glad to work with you on any problems that may arise.

Yours very truly,

*Noble Hancock*

SAN JOSE #—The controversial single sideband technique of voice transmission, as used by radio amateurs, will get a thorough airing here Saturday, July 23, at the annual conference and barbecue of the Santa Clara County Amateur Radio Assn.

The meeting this year will be combined with a tri-section gathering of the American Radio Relay League.

The day's events, at the Santa Clara County Fairgrounds, will conclude with a steak barbecue. The advance registration deadline is midnight Monday, July 18.
