***** AUGUS *****

AUGUST 1965

DUES

NOW

DUE

LAST MONTH: Lastmonth's meeting was a rehash of the convention -- a post-mortem type of thing that was very interesting. Most of the committee chairmen gave a resume of things that happened. Most of these people have since either died, retired or are just tired. Hi!!

NEXT MONTH: The August meeting will be presented by Ken Holladay, K6HCP, on moonbounce from Stanford to Puerto Rico on 432mc. Should be a very intersting progrm. Lets see everybody out for this one.

FAIR TIME: With the Santa Clara County Fair coming up soon,, the trailer is being readied for its annual trip to the Fairgrounds. We are tryingto get a better location this year -- some place cooler and with a front yard or something. As usual we are in need of opertors. The operating schedule will be from 2 PM to 10 PM each day from Monday thru Friday and Saturday and Sunday from noon until 10. We generally have a good time and meet lots of people -- hope everybody can get there. Remember the dates: Sept. 13-19, 1965.

OCTOBER MEETING: SCCARA's annual raffle and auction will be held this year on October 11, 1965. Let's all take this one in. Underline it on your calandar and get a notice posted on bulletin boards where you work. The usual acution rules willbe observed. We have lots of goodies to sell -- many in real good condition -- new or near new, some just goodies.

PRESIDENT'S CORNER: HAPPY NEW YEAR!!! The club year is July 1 to June 30. The club has justcompleted one of it's most active years with the planning and presentation, with the West Valley ARC, of the fir st Natl onall ARRL Convention in San Jose. There were 33 states and six foreign countries and the District of Columbia represented. Both clubswant to thank all the new members that signed up at the last meeting, and invite all old members to send in their dues or bring them to our next meeting.

OLD TIMERS DINNER: The Annual Old-Timers Banquet will be held this year on September 25 with a spaghetti feed at Manny's on San August-ine St. These are always lots of fun. Don't know what the enter-tainment will be yet, but everyone should have a good time Mark you calandar now and be sure to reserve this date.

HELP HELP HELP: Hey everybody, we enjoy putting out the paper, BUT we must have some news items to put in it. If everybody comes up with one item each month we will have a place to put it. For example: ?What Ham was in Quements and bought a brand new SBE34 with mobile antenna and the works? Let's gofellows. One item a month -- get it to us by the last Wednesd of e ach month.

ZIP CODE: The Post Office has advised us that by the first of the year all classes of mail must have the ZIP code indicated. Please advise us so we can have the proper code attached to your address.

S. E. T. : The annual Simulated Emergency test is getting here pretty fast. As usual it will be held in the first part of October. This club is always well represented in this annual test. This year we will have to do something new and interesting.

The new chapter manager of Red Cross is viatally interested in ~~his~~ this program. Mr. Dibblehs served as disaster director of the South East area as well as disaster director of the Chilean Earthquake and the Northern California floods for the American Red Cross. He~~x~~ is a firm believer in good communications -- both amateur and commercial, and has seen the good and bad operations. Maybe this year we can combine our operation with the San Jese Cahpter and have a combined exercise; Red Cross, C.D. and SCCARA. --- Think itover and let's have a discussion on it at the August meeting.

MONDAY JULY 26, 1965 BERNIE BECK, WA6QQH WAS INJURED IN AN AUTO ACCIDENT NEAR CHICO. HER DAUGHTER DIED AS A RESULT OF THE ACCIDENT.. HER FATHER WAS ALSO SERIOUSLY INJURED. BERNIE AND :HER FATHER IARE BOTH IN THE CHICO COMMUNITY HOSPITAL. OUR CONDOLENCES TO ~~CHUCK~~, WA6QQI..
