Board Discussion Members are not volunteering to fill vacant positions. It was suggested that

approaching members personally may be more effective.

The Amateur of the Year award was discussed. The original intent of this award was to recognize the long-term accomplishments, of individual members, which have contributed to the success of SCCARC. This award is presented by the Board at the

Annual Meeting in December. It need not be awarded each year.

All present agreed the title Amateur of the Year is misleading and should be changed to a more descriptive name. Several suggested names were put forward but no final

selection was made.

The awarding of Certificates of Appreciation to recognize the efforts of Members during

the past year should also be presented at the Annual Meeting.

The 70 cm band repeater was discussed. Many members are purchasing HT's which

include this band. The use of this repeater will be encouraged.
