Member participation in meetings, social events and volunteering continues to be low.

New Business: The ALS-1300 amplifier is back from repair.

The bent R-6000 vertical antenna (due to storm damage) needs to be fixed.

Beam antenna needs to be scrapped. We are waiting on word if our request for a grant from the SCC Community Fund for a new beam is approved for 2025. If not we may go with a used beam offered by a member.

Equipment sales are going well – all major items other than the Tarheel antenna are sold. We will be going to the Plant City hamfest on 12/13/2024 with equipment to sell.

Measuring and marking excess coax cables for sale.

Mr. Dick Hillyer W2RWH performed the confirmation of club officers for 2025. The Board remains intact for 2025.
