****VISUAL SHOCK ALERT****

At the end of this Sterling American!

**** Flag Day Is Today****

Along with my normal visits to homes today in the district, I left an American Flag with constituents to post and display.

****Father's Day Sunday June 16****

Please honor Fathers on Father's Day this Sunday. Thank you to all fathers.

****Cicadas?****

Has anyone heard cicadas?

Sterling had a small sink hole in one of the neighborhoods, a cable to phone service cut over at Potomac View Road and several drenching storms and high winds twice this week. The cable has been fixed today and the baricades are now down at Potomac View Road and Route 7.

****Sterling Amateur Radio Club Building Giant Radio Towers June 22-23****

To test our readiness capabilities, Amateurs throughout the Country will be conducting a Field Day on June 22nd and 23rd. The Sterling Amateur Radio Club will conduct our Field Day at Park View High School in Sterling Park. We will be erecting antennas, setting up an emergency generator, and using solar panels to allow our Radio Transceivers to make contact with those of other operators around the world.

**** ****
