2010 VQP Flyer Stuffing

Advertising is a significant effort prior to the VQP. SPARC sends out emails, makes telephone calls, posts announcements, and mails flyers.

For the 2010 VQP, Bud, W4KSN, hosted the flyer stuffing party at his QTH on 22 Jan 10.

Jim, AF4MO; Henry, K2BFY; and Don, K7CS.
Not pictured is the host and photographer, Bud, W4KSN.

ARRL LIFE MEMBER

President, ARRL

The American Radio Relay League (ARRL) is the national membership association for Amateur Radio operators in the United States. Its services and publications further the advancement of radio experimentation, emergency service networks, governmental representation, and the friendly collaboration of all radio amateurs. Since December 1915, ARRL has published QST magazine, its monthly journal devoted entirely to delivering the latest ham radio news and information to members. ARRL was founded in 1914 by Hiram Percy Maxim (1869-1936). Maxim's personal call sign, W1AW, is used at the ARRL Headquarters station in Newington, Connecticut as a permanent memorial.

2010 VQP

Steve, KS1G/Bike Mobile.

Gentlemen:

Attached is my log for bicycle mobile station entry in the 2010 VA QSO Party ... and several photos of my bicycle mobile station ready to roll, close up of the "operator position", and shots taken of the operation at the Herndon Town Green and at the OSC campus off Rt 28 in Dulles VA.

Note that while the operating shots show my antenna whip at full extension, it is unsafe to ride that way and I retract the whip before moving. The station can tune and radiate with the whip retracted, just not very well! The counterpoise wires visible in one shot at the Dulles QTH didn't seem to help and I packed them away soon thereafter.

If you seek nominations for best signal, KC4VT's operation sounded outstanding.

I had a great time and look forward to entering again next year, maybe activating a few more cities and counties accessible from Herndon by bike if we get weather as nice as we did this year!

2010 VQP NR4C Expedition

I just sent in my log. ... I was an EXPEDITION again this year. I worked in Charles City County, James City County and King and Queen County.

I sent a couple of pictures of two of our sites/antennas for the record. The first shows my car with the 35ft mast and Inverted "V" antenna. That's John Hale (AI4QQ), my partner and logger behind the car. This was taken in our James City County location which is also used by the WAARC for Field Day. The other photo is of the Buddipole (homebrew) antenna we used in King & Queen County later on to finish out the event.

Thanks so much for having this great event each year.

2010 VQP K4EG/P Expedition

We had a ball as usual. We could not believe the wonderful weather we had. We still saw some snow on the Blue Ridge Parkway in Floyd County, but it made 70 degrees F. Of course we had a little rain as we tore down in Danville, but that did not damper our spirits.

Thanks for putting on the QSO party!

Please also see the attached photos.

2010 VQP N1LO/P Expedition

Windmill point, on the tip of Virginia's Northern Neck in Lancaster County, was by far the most pleasant location to operate from. It was Ham Radio with a view. The QSO party gave me the incentive and opportunity to try out some new gear, such as the Yamaha generator, stealth V/U antenna (weighs about 1 oz), and stealth 80m doublet (24 ga bare copper). I also successfully tested a 2-way cross-band repeat cell set up to access the '37 machine across the river in Gloucester.

As always, curious onlookers get an introduction to Amateur Radio! Not being to worried about bagging QSO's, I took breaks to enjoy the scenery and some photography.

The weather was fantastic all weekend, making the adventure all the more memorable.

Thank you for all the work that you and SPARC do to set things up!
