

# W4D (K3VAT) Frederick County

W4D (Whiskey Four Digital) will operate during the 2018 Virginia QSO Party (both days) from the shack of K3VAT, Frederick County (FM09wb) using the digital modes only (primarily FT8) - hence, the special one-by-one callsign.

Operation will be on the HF Bands 20M, 30M, 40M and 80M (primarily 80M), standard recommended digital frequencies, using a K3S (usually < 20W; perhaps more on 20M) and vertical wire antennas.

I intend to use LoTW for contact confirmation.

GL, 73, Rich, K3VAT
