

W4GO/M

I plan to operate mobile again this year. Bands will be 80 m, 40 m and 20 m; modulation will be SSB. As last year, 80 m will likely be my primary band, even during daylight hours.

My tentative route covers the following QTHs in approximate order of activation:

Saturday: ACC, NHA, VBX, NFX, POX, CPX, SUX, IOW, FRX, SHA, GVL, EMX, SUS, BRU, MEC, LUN, HAL, PIT, DAX, HRY, MVX

Sunday: MVX, HRY, FRA, BED, CAM, LYX, AMH, APP, CHA, PRE, BHM, CUM, NOT, AME, DIN, PBX, COX, CHE, RIX, HCO, GOO, POW

If time allows, a few additional QTHs may follow POW. An up-to-date itinerary will be posted to my profile on QRZ.com as the contest date approaches.

I will be moving fast. Check my run frequency, the spots at qsoparty.com, or my APRS position often.

I look forward to hearing you in the contest. Good luck.

73,
Matt
