Notes

- # H = Hotel, R = Resturant or Lunch Room
- # Fred Harvey's home (house) in Leavenworth, KS, is a now a museum. While not a 'Harvey House', it is considerd to be a HH for HHOTA.
- \$ Several other Colorado and Texas cities are sometimes identified as having Harvey Houses. However, these are apparently either news stands or were railroad resturants on railroads purchased by AT&SF and if operated by Harvey, were only done so for a very short time.
- & Jonesboro?
