

HARVEY HOUSES ON THE AIR INFORMATION FOR CONTACTED STATIONS

- **Basic HHOTA Comments**
 - This is meant to be a fun, informal event for both the activators and contacting stations.
 - Please read the info the HHOTA activators too.

- **Who is organizing HHOTA?**
 - The Valencia County Amateur Radio Association (KC5OUR) in New Mexico is the organization responsible for this web site and trying to get other Hams to undertake their own HHOTA activations. Having all HHOTA activations on the same day should make it more exciting on both ends of the QSOs.

- **Is there a list of the Harvey Houses that will be on the air?**
 - Yes. See the link on the home page. There will probably be a few HHOTA stations who did not submit information for the list, so listen for them too.

- **QSL cards?**
 - Each HHOTA stations will be returning their own QSL card in the SASE you send to them.

- **Are there certificates available for contacting HHOTA stations?**
 - Folks who contact 25% of the listed HHOTA stations can get a nice pdf certificate by sending a list of their HHOTA stations QSOs to the HHOTA Coordinator at vcara@qsl.net .

- **REMEMBER!**
 - Have fun.
